The work on the tug was done by the Henderson Iron works. Among those who came here on the tug were P. J. Cane, of Mobile, P. Henderson of the Henderson Iron works and Louis Rude, machinist.

The tug will be used at Pensacola in harbor work and tug towing.

JAMES McHUGH IN PENSACOLA

ONE OF ESCAMBIA'S REPRESENTATIVES AT TALLAHASSEE RETURNS TO SPEND WEEK-END WITH HIS FAMILY.

Hon. James McHugh, one of Escambia county's representatives in the legislature, arrived in the city yesterday morning from Tallahassee to spend the week-end at home with his family.

Mr. McHugh is enjoying his experiences in the legislature and is taking a keen interest in the matters coming before Florida's law making body. He said he believes that Senator Stokes's mental anguish bill, which recently passed the senate, will be passed in the house with little opposition.

RAISING SHAMROCK AT HIS HOME HERE

Police Officer Mike Murphy is raising a quantity of shamrock in his yard and claims that his plants are the only ones of their kind in the city.

The seed were sent to him from Ireland by a relative last St. Patrick's Day.

It looks quite possible that Colorado in the near future will be allowed ten-round boxing contests. The senate has re-considered a boxing bill it recently turned down.

The bill as amended and passed on second reading provides for ten-round bouts by clubs paying an annual license fee of \$250. Final consideration is expected to put the bill through. It already has passed the house.

Jim Flynn, who used to think that he was a white hope, must have lost all such impressions in his recent six fights with Luther McCarthy in Philadelphia. About all that Jim did was to show that he had remarkable ability to stand punishment. He made a good chopping block. His clinching ability indicated that he might well forego the fight game and take a whirl at wrestling.

The famous Delahanty name seems to have dropped out of big league baseball this season for the first time in a quarter of a century. Usually one or more of the famous brothers has been in the big show, but this season all who are playing are in the minors. Nor are there any members of the second generation who seem likely to bring the name back into prominence.

Manager Frank Chance of the New York Americans has already shown his players what they may expect of him. He gave recruit hurler Ray Keating \$100 for beating the Red Sox the other day. On the other hand, one player had a fine of the same amount slapped on him for failing to be in his room by 11 o'clock at night.

Johnny Evers, manager of the Chicago Cubs, is being sued for \$300 for fixtures installed in a shoe store which failed. Johnny says he can't be held because the venture was managed by a corporation and he points to the undeniable fact that he is far from being a corporation.

L. & N. TRAFFIC MANAGER SPENT SATURDAY HERE

C. B. COMPTON, OF LOUISVILLE, ARRIVED IN CITY YESTERDAY FROM TALLAHASSEE AND LEFT LAST NIGHT IN PRIVATE CAR.

C. B. Compton, traffic manager of the Louisville & Nashville railroad who has been in Tallahassee for a few days, where he appeared before the railroad commission in a rail hearing, arrived in Pensacola yesterday in his private car.

Mr. Compton spent the day in Pensacola, leaving last night for Louisville where he has his headquarters.

FRANK R. POULSON IS CANDIDATE

ANNOUNCES THIS MORNING FOR CITY COMMISSIONER AND ASKS THE SUPPORT OF THE VOTERS.

Frank R. Pou announces this morning as a candidate for commissioner. He has spent his life in this city, and needs no introduction to the voters of Pensacola.

Since he attained his majority, he has been closely identified with the commercial life of the city, first in the general mercantile business, associated with his father, the late Gavin Pou, afterwards in business alone.

Mr. Pou is well known in the city, and is thoroughly alive to the city's needs. He believes great things hinge on the active and intelligent work to be done by those into whose hands shall be placed the management of the public business.

Mr. Pou says he is the candidate of no political ring, or set of men and has no promises to make other than to give every man a square deal, and if elected will discharge the duties of the office in the interest of all the people with impartiality, fairness and favors to none.

FLORIDA LANDS HIGHLY PRODUCTIVE

C. S. Kay, in Springfield, O., Sun

Florida, with its 59,368 square miles and 37,931,520 acres of territory, is the largest Southern State, except Texas. The peninsula is about 400 miles long, and the average width is 100 miles. Its area is larger than Iowa or Wisconsin.

While there is much waste land in Florida, the agricultural possibilities along certain lines are great. The more than 19,000,000 acres of swamp land in the state may be largely reclaimed, but even without these the production of lumber, phosphates, fuller's earth, citrus fruits, garden vegetables, poultry, eggs, tobacco, rice—in fact, about all the staples except wheat and all fruits except apples—runs up into large figures.

The great call now is for fruit growers and truck farmers. The literature that is being put forth by land companies and boards of trade in Florida warn newcomers not to expect to get rich on a little money and no labor. Farming in Florida is a business, opened every morning at 6 o'clock and closed at 5 o'clock in the evening.

While there is a form of land, while while he is doing business ten hours a day in town. It is a question of intensive rather than extensive farming. In the one item of eggs it is related that Tampa could use 2,000,000 more than the local producers can furnish.

St. Louis, a great poultry producer, has a poultry-yard output of other states goes through Tampa to Cuba.

The Panama canal will still further stimulate the output of these vegetables. Oranges, grapefruit and pineapples continue to hold a prominent place in the markets of the world, while these commodities, but there is a tendency to branch out into other and less precarious lines. While the summer heat in Florida is protracted, it is not debilitating. The peninsular location of the land makes it susceptible to the sea-moistened and cooled air from both directions.

Because he is a southpaw thinker, Jim Baskette has been appointed scout for the Nap bug club, which is made up of the left-handed eccentrics on the roll of the Cleveland team.

President Joe Jackson declined to say why he had appointed a right-handed hitter and pitcher to look for new members, but Vice-President Vean Gregg kindly explained "Jim is an ideal man for the job," declared Vean. "You see, he thinks left-handed."

Cincinnati, instead of Covington, Ky., will be represented in the new Federal league, which has been organized to buck big league baseball. Hippodrome park, the home of the unfortunate United States league team of last year, will be used by the new team.

George Schiel, former catcher with several National league teams, is mentioned as probable manager.

The Blue Grass league, which withdrew from organized baseball because it wanted to add Covington, Ky., to its circuit, has disbanded. Several of its club owners felt uneasy without the protection of the national association of baseball clubs and declined to take the risk. Lexington and Marysville seek to enter the Ohio State league.

George Burns, playing left field for the New York Giants, is merely an experiment. If he fails to come up to snuff he will find old Josh Devore ready to hop into the vacancy.

Buddy Ryan, outfielder for the Cleveland Naps, has joined the team, entirely recovered from a serious illness which confined him to a Denver hospital for a long time during the training season. He expects to be able to jump into the game in a short time.

ACY FILLINGIM PASSES AWAY AT COUNTRY HOME

PROMINENT FARMER SUCCEUMS AFTER ILLNESS OF SEVERAL WEEKS WILL BE LAID TO REST IN FAMILY BURYING GROUNDS NEAR MOLINO.

Acy Thomas Fillingim, one of the most prominent farmers of Escambia county, died at his home at Barrineau Park early yesterday morning after an illness of several weeks.

Mr. Fillingim was well known and popular throughout this section, and his death was the occasion of much sorrow among his host of friends. He was 68 years of age.

Besides a wife, the deceased leaves ten children, six boys and four girls, and two brothers, Albert and Henry B., who reside at Molino. Mr. Fillingim was a frequent visitor to Pensacola, and when the news of his death was received there were many expressions of sincere sympathy.

He was a genial, courteous gentleman and had a host of many warm friends. The funeral services will be conducted this morning at 11 o'clock from Latham chapel, near Molino. The interment being held in the family burying ground.

STILL LOOKING FOR THORNTON

YOUNG MAN FROM GULFPORT, WHO ESCAPED FROM MARSHAL AT FLOMATON, HEARD FROM FRIDAY AFTERNOON NEAR FOSHEE, ALA.

A. L. Thornton, of Gulfport, Miss., who is wanted in Pensacola on the charge of passing an alleged worthless check and who escaped Friday morning from E. McCurdy, marshal of Fomatam, after he had been arrested at that place, has not yet been requested, but the officers are keeping a close lookout for him.

According to a report received yesterday by The Journal from Fomatam, Thornton made his escape by leaving a car and a horse and rider, and then in front only a short distance away. After Thornton left the toilet he made his way through an alley and then went to a thick swamp where the marshal lost trace of him. Marshal McCurdy skinned the bloodhounds owned by Wm. Earskins and the chase was lively until the rain caused the dogs to lose the trail.

Thornton was heard of at 1 o'clock on Friday afternoon three miles south of Foshee, Ala., inquiring the way to Polard, Ala.

AWNINGS

Every thing Made of Canvas
Phone 1176.

A house fitted with awnings is always very much more restful and cool than one that gets the full glare of the sun.

However when awning time comes everyone is so rushed with orders that it is impossible to get yours in time to ward off the early summer sun. This is just why we have written this ad.

Let us send our man to your home, or office, and give you an estimate on what you will need in this line.

We also make the famous Carpenter Spring Shades, the very best window awning ever put on the market. Can we show it to you?
